## New for 2021 – Sunday Street Fair, Crewkerne

In a year when events are still being cancelled because of the uncertainty of COVID rules Crewkerne Fair is able to launch a new market with space for social distancing yet still in the very centre of a Somerset Market Town.

This has been a dreadful period for all of us and having cancelled last year we have reconsidered what we do and are making this a better event for all concerned. By using the space vacated by the funfair there is an opportunity to expand the space available for a street market and by moving to a Sunday the market will have the whole of the centre of the town to trade in.

This year and next are being run as a pilot but we believe it will be a successful format for future years allowing for expansion and possibly an indoor area next year.

As it is a new event for the town, we believe that it will attract interest from TV and papers. We will be supporting the event with posters and publicity and a leaflet campaign.

Organised by Crewkerne District Rotary, all profits from the event go to support local causes and charities worldwide. We aim to make this a special event for the people of the town and for visitors. The event is organised for the benefit of our community.

The Crewkerne Charter Fair is over 900 years old with a funfair in the same location on Friday and Saturday since the 1860s. The market had become smaller in modern times as available space became constricted by traffic; this is a chance to return to the traditional annual town market with all the atmosphere that it involves.
